

Welcome to Niedringhaus School. I am looking forward to having you as part of our Niedringhaus School family. Your child(ren) will be engaged in rigorous academic opportunities. Their attendance and enthusiasm for learning will rocket them to their highest potential. Together, we can successfully motivate your child through effective home connections, parent participation and setting high educational expectations. My focus this year is to build on the ABC's. Autonomy (student having a voice and a choice), Belonging - (sense of family and community at school) and Competence - (setting high goals for them academically to ensure long term success.) What is your dream for our school?

Sincerely,

Barbara Vrabec

Principal, Niedringhaus School
